SPEA Open Ended Questions

What did you like most about this course and instructor?

Comments

The most I like about her is she always replied email as soon as possible so that all my confusion could be solved in a short time.

She was very willing to help.

the teacher was always willing to help students

The actual class time helped all of the students with their homework. Really liked how the class was structured / graded on assignments.

What did you like least about this course and instructor?

Comments

No least parts. I like her!

Way too much going on in one semester.

it was very difficult to keep up in class

The heavy weight of the final.

The instructor sometimes went a little fast during demonstrations in order to cover all the material in one class period when it could have been more spread out.

Do you have additional comments and/or suggestions to offer the instructor for the next time s/he teaches this course?

Comments

Professor Zhang is awesome so no more additional comments.

Please slow down. This course has way too much packed into one semester. Students can't digest information because we are packing 3 lectures into one. SPEA should separate this course into 2... Management 1 and Management 2..

make the class more interactive

More in class discussion.
